

Welcome to the

Belle II Summer Workshop

July 12 – 16, 2021

covering Belle II physics, detector, computing,
and software tools ... with hands-on tutorials

sorry that you cannot visit our campus this summer ... 🐱💧

Workshop program:

- ✓ presentations in Session 1 of each day
 - ⦿ faculty & staff: Belle II physics “nuts and bolts”
 - ⦿ students & postdocs: selected physics analyses
- ✓ hands-on activities in Session 2 of each day
 - ⦿ using basf2, gbasf2, b2bii, new-physics simulator
 - ⦿ diversity, equity and inclusion
 - ⦿ professional development for students & postdocs
- ✓ Your opportunity to give a “flash” presentation on Friday
 - ⦿ send email to piilonen@vt.edu to sign up

For you to get the most out of this workshop:

- ✓ in each presentation, ask questions!
- ✓ do each of the hands-on activities!
- ✓ interact with your colleagues during the daily break
