

International Leading research program

2023/4/18

T.Koga

International Leading research program

-Iijima-san at Nagoya University got large Japanese funding,
named 国際先導 (International research program), supported from
2023 to 2028

-Young researcher in Japan can study abroad with the funding

- students or Postdoc
- a month ~ a year (?)
- any BelleII related research topic is fine

-If you have any idea of institute/research topic, please let me know
