

Experimental developments of inclusive inputs

Wednesday, 1 November 2023 13:45 (20 minutes)

Review of Belle/Belle II most recent measurements (q^2 moments). Measurement of $BR(B \rightarrow X_c l \nu)$ and other going/planned activities on Belle II: M_x , E_l moments from previous measurements can be updated using Belle II data; angular moments measurement is ongoing. Status, issues and needs for a new determination of the inclusive measurements (e.g. w/ q^2 thresholds, approach for handling syst.).

Presenter: CAO, Lu (BELLE (BELLE Gruppe))

Session Classification: Workshop: Vcb inclusive
