

Workshop document — our proposal

- Minimal target: reviewed document on the arXiv within 3-6 months from now
- Audience: advanced hep-ex/hep-ph graduate students and postdocs working on $|V_{cb}|$ and closely related topics.
- Contents: material shown *and discussions*.
 - Emphasis on open issues. Possibly suggest guidance for progress.
 - Include point of controversy. Report transparently the various angles. Possibly suggest guidance for progress.

Workshop document — possible next steps

- By ~Nov 20, get from each speaker
 - Abstract/executive summary of their contribution
 - Summary of the discussions (post-talk and coffee etc)
- A few weeks later, Dean/Diego propose speakers to contribute detailed editing of specific sections
- Not too long after, hope to converge to having a significant portion of the document and start streamlining/uniformizing contributions, asking to fill gaps, adjusting etc..
